

Inspection review approval note

Draft for human review. This note summarizes supplied evidence; it does not authorize expenditure or maintenance.

Proposed note

Please review the following source observations before deciding any action.

[S1] FICTIONAL SOP DEMO-01 revision 1

Damaged equipment identification labels require review by the maintenance supervisor. Costs must be supplied separately before financial approval. This is demonstration material, not an MRPL procedure.

[S2] FICTIONAL DEMONSTRATION REPORT

Inspection reference: DEMO-002

Equipment: P-101

Finding: identification label damaged,

Recommendation: replace the damaged label after review.

Cost: not provided.

No operational safety conclusion is supplied.

Costs and authorization details require reviewer confirmation.
